Identified items/products for Indo-Italian collaboration

2461. SHRI ASHOK NATH VERMA : Will the Minister of INDUSTRY be pleased to refer to the answer to Unstarred Question 2915 given in the Rajya Sabha on the 5th December, 1988 and state :

(a) what are the names of items/products in which the Italian companies have offered most modern and sophisticated technology transfer on turnkeys basis to the 96 identified units, unitwise, alongwith the names of the products ;

(b) what are the details of the terms offered by the Italian companies for the transfer of technology ; and

(c) what was the criteria for identification of these 96 units?

THE MINISTER OF STATE IN THE DEPARTMENT OF INDUSTRIAL DEVELOPMENT IN THE MINISTRY OF INDUSTRY (SHRI M. ARUNACHALAM) : (a) Under the UNIDO project of arranging enterprise to enterprise level cooperation between small and medium industries of India & Italy, 4 sub-sectors of the industry, namely, (i) metal engineering; (ii) leather processing and leather goods ; (iii) granite and marble, and (iv) food processing and packaging, have been selected. The scope of the cooperation does not exclusively envisage turnkey assistance but includes areas such as technical know-how, machinery & equipment, training, experts, marketing including possibilities of buy back, etc. A list of the units who have so far signed initial Memorandum of Understanding /Agreements of Cooperation with Italian enterprises with product details is in the attached statement (*See* below).

(b) Terms for cooperation arrangements between the units will vary from unit to unit on mutual acceptance basis. However, the individual units concerned have to take approval/clearance from the Government as per existing rules and regulations. Main areas of terms and conditions on cooperation, relate to technical know-how, designs and drawings, training, plant and machinery, commissioning of the project, experts, buy back arrangements, etc.

(c) Units interested for participation in the project and sponsored by industry associations, Small Industry Service Institutes under SIDO, Tool Room and Training Centres and State Governments and having potential for future growth were considered.
